Increased Car Demand Blamed for Shortages

Dealers in suburban communities and cities outside of the major metropolitan areas constitute the backbone of the automobile industry, Zone Manager C. C. Currie of Pontiac Motor Division told his local sales representatives.

Discussing the sensational sales boom which has swept the industry during the past several months, Currie assured V. R. Paquin of the Paquin Motor Co., Redwood City Pontiac headquarters, that in the event new car stocks become low within the zone, every Pontiac dealer in Northern California will be given fair and considerate treatment when future car allotments are made.

Scoffing at what he termed the "curtailment jitters," Currie declared that "any current or impending shortage of new cars in this area is due to increased demand by the public rather than to curtailment of production."

He pointed out that production at the Pontiac factory is higher now than at any previous comparable period in the company's history, even though Pontiac is working ahead of schedule on important army and navy defense contracts. The total production for the 1941 model year will be 325,000 cars, he revealed.

Charlie Chaplin Is Coming

Charlie Chaplin is coming to the Fox Sequoia Theater in his long-awaited "The Great Dictator," which will be shown on Wednesday, Thursday, Friday and Saturday. A March of Time and a Disney cartoon will complete this program.

The French government paid only $625 for Whistler's portrait of his mother, which hangs in the Louvre, in Paris.

Operettas Planned For San Francisco

Top-ranking stars who command higher salaries than those of any other operetta organization in the country will scintillate in the Light Opera Festival coming to the Curran Theater May 19.

From opera, screen and stage comes John Charles Thomas, Joe E. Brown, Ethel Waters and Francia White. Wilbur Evans and Warren Hull, Vera Marshe, the petite blonde, and the fluttery comic, Sterling Holloway, are luminous additions to the cast of the first operetta, "Naughty Marietta."

In "Rio Rita," due the week of May 26, Joe E. Brown will play the part in which Eddie Cantor first appeared for Ziegfeld in the New York production. Susanne Sten, who sang "The Masked Ball" and "Rosenkavalier" in Grand Opera repertoire during the Winter and who possesses, according to Edwin Lester, general director of the festival, a singularly exciting mezzo-soprano, will play the title "Rita" role.

"The Chocolate Soldier" brings the well-loved John Charles Thomas as the amusing toy soldier, who fills his cartridge box with chocolate creams. Hope Manning, whose voice charmed audiences last year during the festival, Irra Petina, Eric Mattson and Billy Gilbert complete the stellar line-up for the Oscar Straus operetta.

The Negro singing actress, Ethel Waters, in "Cabin in the Sky" stars in the final item of the festival series the week of June 23.

'Mr. and Mrs. Smith' Visit Here

They're forever battling, this crazy couple portrayed by Robert Montgomery and Carole Lombard in RKO Radio's "Mr. and Mrs. Smith," but they are gaily happy once truce has been declared—and here we have them in hilarious mood in the delightful comedy which plays Sunday and Monday at the Redwood Theater.

Improved Power Service Given Highlands Area

Meeting for their May session at the home of H. R. Chapin on Glenlock Way on Monday, directors of the Highlands District Improvement Club heard Secty. Earle C. Palmer report that the Pacific Gas and Electric Co. had agreed to the club's request for a survey of power conditions and that improvement had already been noted.

The report of the fact-finding committee on annexation under Chairman G. Chevassus was discussed and decision as to method of acquainting the club membership with its substance delayed until the next meeting when results of a membership campaign should be available.

Action was taken to continue negotiations with the Anglo-California Bank regarding observance of restrictions in deeds to property in the highlands district.

Eugene O'Neill, Pioneer Belmont Resident, Dies

BELMONT — Eugene O'Neill, oldest pioneer of Belmont and probably one of the first children born at the settlement, died here at the age of 79. Death came to him at his home at Ralston Ave. and Old County Rd.

Mr. O'Neill's father was a sea captain, who, in his later years, ran a freight boat between San Francisco and the Belmont settlement. Mr. O'Neill as a boy made many trips on this boat.

As a young man he was a coachman at the Newlands Estate. In following years he opened a grocery store and was in charge of the telephone exchange. His store, one of the oldest, is still being operated in Belmont.

Albion Ross Talks Here Friday

Albion Ross, foreign news editor of the San Francisco Chronicle, will describe the world situation tonight at the third annual Americanization Dinner of the American Legion and Auxiliary and St. Peter's Church. The speaker is well-known for his front-page commentary on international activities, as well as for his public addresses and his accounts of foreign travel which have given validity to his personal judgment of leading men and issues.

Members of other veterans', patriotic and church organizations are joining to make this the largest of the annual dinners which already have set the highest standard by the inspiration of their speakers and the enthusiasm of their patriotic community singing. Men of the Legion are again the cooks, with serving by members of the other adult and junior groups participating.

The affair is at St. Peter's Parish House, Clinton St. near Brewster, at 6:30 p.m. Friday.

83 YEARS OF SERVICE TO HOMES AND INDUSTRY

Johns-Manville Journal

JOHNS MANVILLE JM PRODUCTS

J-M FAMILY ALBUM

Asbestos Gloves for London—Ten thousand pairs of asbestos gloves for bomb-blasted London are being manufactured at the Johns-Manville plants at Manville, N. J., and at Asbestos, Quebec, where J-M also operates the largest asbestos mine in the world. Asbestos gloves are only one item of thousands of articles needed in modern war to help civilian fire-fighters combat flames of bombs.

DOUBLE TALK

In an ordinary room sound dies quickly. But in one room of the J-M Research Laboratories at Manville, N. J., a person may be a barber shop quartet all by himself. He may even sing nine different parts at the same time because the sound is delayed as it travels from walls to floor to ceiling.

This room tests the efficiency of sound-absorbing materials made by J-M.

Lowell Thomas To Write J-M Ad

The inside story of the vital role America's great industries are playing in national defense will be told in a series of advertisements to be sponsored by Johns-Manville in the next few months. Lowell Thomas, famous radio commentator and author, will write the first of this series on the steel industry. It will appear in the May 24th issue of the *Saturday Evening Post*.

This new series will be a tribute to the men and women in the nation's factories, offices, laboratories and drafting rooms who are working day and night to make America strong.

Johns-Manville has been serving America's basic industries for 83 years. And J-M products help the steel industry, as well as many other of the country's industries, to produce materials for defense quickly and at the lowest possible cost.

REAL WAGES ARE HIGHER NOW

Wages are what a person receives for services rendered. Wages are usually paid in dollars and cents. Real wages differ from just wages because they take into account other things such as how much they will buy and how much work must be done to earn them. That's the only way persons can tell whether their standard of living is getting better or worse.

Real wages of J-M jobholders are much higher than they were in 1929 because (1) J-M factory hourly wage rates are 33 percent higher than in 1929, (2) the number of hours worked per week is 17.2 percent less, and finally, (3) according to the latest figures available from the U. S. Department of Labor, the cost of living has gone down 17.4 percent since 1929.

All of this means that J-M jobholders work fewer hours for higher wages and each dollar of these wages buys more than it did in 1929.

But, in wartimes the cost of living has a tendency to go up. If it does our standard of living may go down. That's why industry and government are trying to hold prices down. To do this they will need the support of every American. If prices are to be kept within reason, the costs of producing goods must be kept down all along the line.

Final Plans Made For Dance Saturday

Final plans were being made today by the Woodside Gardeners Association, whose membership includes gardeners throughout Southern San Mateo County, for its fourth annual dance Saturday night, at which Dude Martin's radio band will play. The orchestra is the one which has been engaged to play at the Fourth of July Celebration dances.

Chairman of the committee arranging the dance is Henry Parry of Woodside. Admission is 55 cents a person. A floor show will be staged at 8:30 o'clock. Dancing will be from 9 till 1.

BOY HURT IN CRASH

Three-year-old Josephine Castro of Rt. 1, Box 259, Woodside, suffered minor scalp lacerations Monday when the car in which he was riding with Mrs. M. A. Goularte of the same address was involved in a rear end collision with an auto driven by Helen Liberopulos of Burlingame. Redwood City police said the accident occurred on Woodside Rd. near Cypress St.

ELECTRIC RANGE
Cooks Automatically
[A CONSTANT JOY TO OWN AND TO USE]

Take things easier this summer. Come out of the kitchen. Sit down and rest awhile where there is shade and perhaps a breeze stirring through the flat dead heat. Behind you, behind that door that leads to the kitchen, dinner can be cooking in the capable oven of your electric range. You can know that at the appointed hour set by dials, dinner in the electric range will be cooked to perfection.

It is worth a lot to have this peace of mind, this comfort, this luxury of living. But you will be pleasantly surprised when you discover how little it costs to cook electrically. A high quality electric range costs no more than any other good range. And it is amazingly economical in operation.

Why not enjoy electric cooking? More than three million women own and enjoy the services of a modern electric range. You can too.

Local Legion Boosts 'Come of Age' Program

Charles W. Diel, Americanism chairman of Redwood City Post of the American Legion, has asked that any person who has reached the age of 21 during the last year notify him at 2120 Greenwood Ave., San Carlos.

The local legion post is cooperating with the 26th district, American Legion, in arranging a Citizenship Week program at Burlingame High School next Sunday at 2:30 p.m. when young Americans who have come of age and newly-naturalized citizens will be honored.

Support of the program was given today by County Executive Frederick Peterson.

"A good many patriotic organizations will participate in this celebration and I call on the people of San Mateo County to join in and help make this event the outstanding one of the year," Peterson said in a prepared statement.

House Trailer Gas Stove Causes Fire

A leak in a gasoline stove on Monday afternoon caused a fire that did some $200 in damage to the house trailer of Mr. and Mrs. Ernest Dulleck—and incidentally gave the husband, a carpenter, more of an incentive to finish the house he is building at 639 Hoover Ave., Friendly Acres.

According to the county fire department, Mrs. Dulleck was cooking over the gasoline stove when the apparatus burst into flames. As she fled from her small "home," Mrs. Dulleck closed the door, thereby effectively limiting the damage by shutting off the supply of air, firemen said. Most of the loss was in clothing and furniture.

The Dullecks have been living in the trailer near the site of their new home, now under construction by the husband.

Navy Men Featured In Newspaper Ads

Hollywood, take notice! Two real sailors from Uncle Sam's navy, featured in the first advertisement of the new Chesterfield cigaret schedule, could give America's screen heroes a run for their money.

The seamen, Coxswain Joseph Ellis Newton and Electrician's Mate Edward F. Haywald of the new great battleship U.S.S. North Carolina, were selected from 1000 men on the receiving ship Seattle, as typical of the high caliber of our U. S. Navy personnel.

Other advertisements of the new Chesterfield series are built around a foursome of golfdom's great — Grantland Rice, Sam Snead, Jug McSpaden and Ed Oliver—and three motion picture stars, Jane Wyman, Betty Grable and Ronald Reagan.

Chesterfield's Fred Waring and Glenn Miller radio programs continue high in popularity rating. National billboard postings, magazine advertising and dealer cutouts support the newspaper campaign.

The display of military insignia dates from medieval times.

SAN MATEO—A taxicab "fare" who turned unfair last night and held up Driver Kenneth Brown, 27, of 708 First Ave., taking $20 in cash, his driver's cap and his Plymouth cab was sought by police here today.

The taxicab was recovered 20 minutes after the holdup. It had been abandoned undamaged at 19th Ave. and El Camino Real.

Brown told police that shortly after 11 p.m. a man about 28 years of age approached him at the main stand and directed him to "drive to Mills Field."

Brown drove out Bayshore Hwy. When he reached Peninsula Beach, he later told Officer Tom Connors, the man placed a "long-barreled" gun at his back and informed him:

"You're not going to Mills Field; this is the real thing."

He then directed Brown to drive to a spot near the archway entrance to Peninsula Beach, and asked him for his purse. From it the bandit extracted about $20 in $1 bills, but overlooked $25 in larger bills in another compartment of the wallet. He then took Brown's cap and sped away in the cab. The driver hailed a motorist who took him to a service station at Third Ave. and Bayshore Hwy., from where he telephoned police.
